Approve / Reject Research

1. Login as Reviewer user
2. Click *Researches* option

The screenshot shows the 'Reviewer Dashboard' with a sidebar on the left containing 'Dashboard', 'Researches' (which is circled in red), and 'Workshops'. The main area displays four cards: 'Pending Researches' (1), 'Approved Researches' (2), 'Rejected Researches' (0), and 'Pending Workshops' (0). Below these are two more cards: 'Approved Workshops' (2) and 'Rejected Workshops' (0).

3. We can view all Research.

The screenshot shows the 'Research List' page with a sidebar on the left containing 'Dashboard', 'Researches', and 'Workshops'. The main area displays a table with three rows of data:

ID	Name	Status	Action
1	Java OOP Concepts	APPROVED	<button>View</button>
2	Introduction to Angular concepts	APPROVED	<button>View</button>
3	React Hooks	PENDING	<button>View</button>

A dropdown menu shows '5' and a total count of '0' at the bottom.

4. Select pending record and click *view*.

The screenshot shows the ICAF Reviewer interface. On the left is a sidebar with options: Dashboard, Researches, and Workshops. The main area is titled "Research List" and contains a table with three rows. The columns are "Id", "Name", and "Status". Row 1 (Id 1) has Name "Java OOP Concepts" and Status "APPROVED". Row 2 (Id 2) has Name "Introduction to Angular concepts" and Status "APPROVED". Row 3 (Id 3) has Name "React Hooks" and Status "PENDING". Each row has a "View" button in the last column. The "Pending" row's "View" button is circled in red.

Id	Name	Status	
1	Java OOP Concepts	APPROVED	<button>View</button>
2	Introduction to Angular concepts	APPROVED	<button>View</button>
3	React Hooks	PENDING	<button>View</button>

5. Then we can view all details. Then Enter remark and click Reject or Approve button.

This screenshot shows a detailed view of a workshop. It includes fields for Created Date (2021-07-01), Approved By, Approved Date, Rejected By, and Rejected Date. There is also a Remarks field with placeholder text "Enter Remarks". At the bottom, there are two buttons: "Approve" (blue) and "Reject" (red), which are both circled in red.

Approve / Reject Workshops

1. Login as Reviewer user
2. Click workshops option.

The screenshot shows the Reviewer Dashboard. On the left sidebar, the 'Workshops' option is highlighted with a red oval. The main area displays a grid of six cards representing different categories of research and workshops:

Category	Count
Pending Researches	1
Approved Researches	2
Rejected Researches	0
Pending Workshops	1
Approved Workshops	2
Rejected Workshops	0

3. We can view all Workshops.

The screenshot shows the 'Workshop List' page. The left sidebar has a 'Workshops' option. The main area shows a table with three rows of workshop data:

Id	Name	Status	View
	1	OOP Concepts	APPROVED
2	Start With Angular	APPROVED	<button>View</button>
3	Start with ReactJS	PENDING	<button>View</button>

A dropdown menu shows '5' and a total count of '0' at the bottom right.

4. Select pending record and click view.

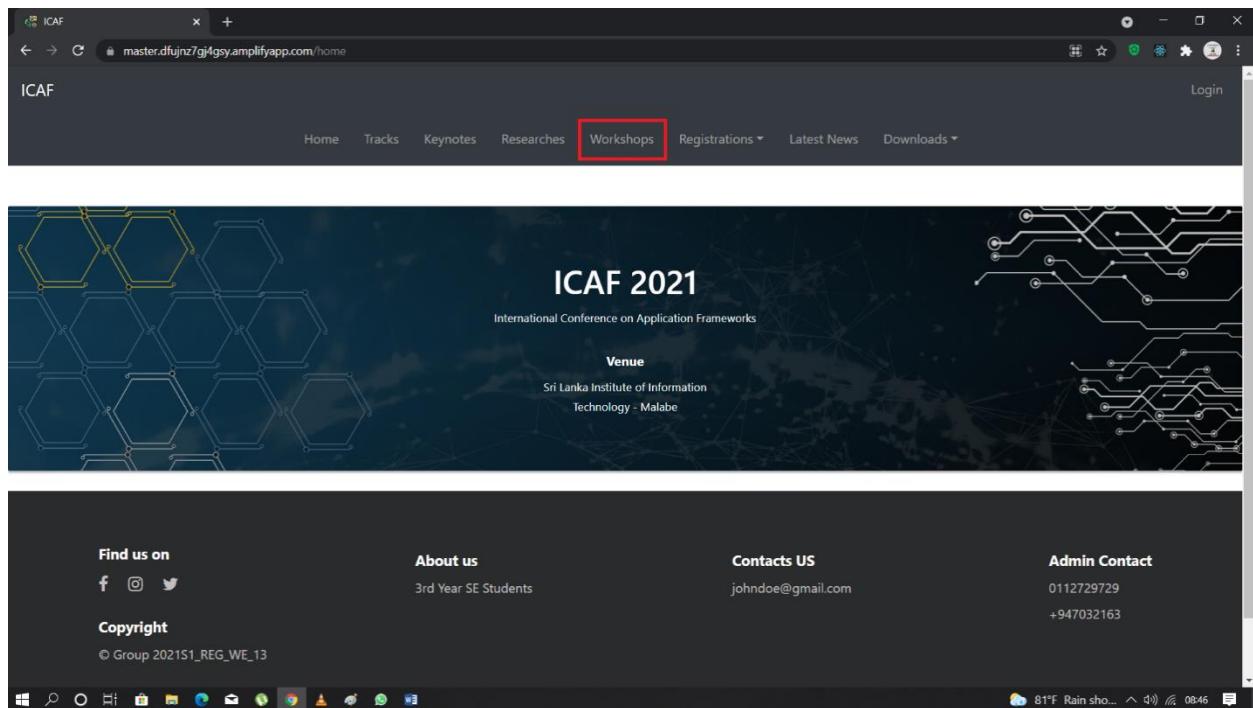

The screenshot shows the 'Workshop List' page again. The pending workshop record (Id 3, Start with ReactJS) has its 'View' button circled in red. The rest of the interface is identical to the previous screenshot.

5. Then we can view all details. Then Enter remark and click Reject or Approve button.

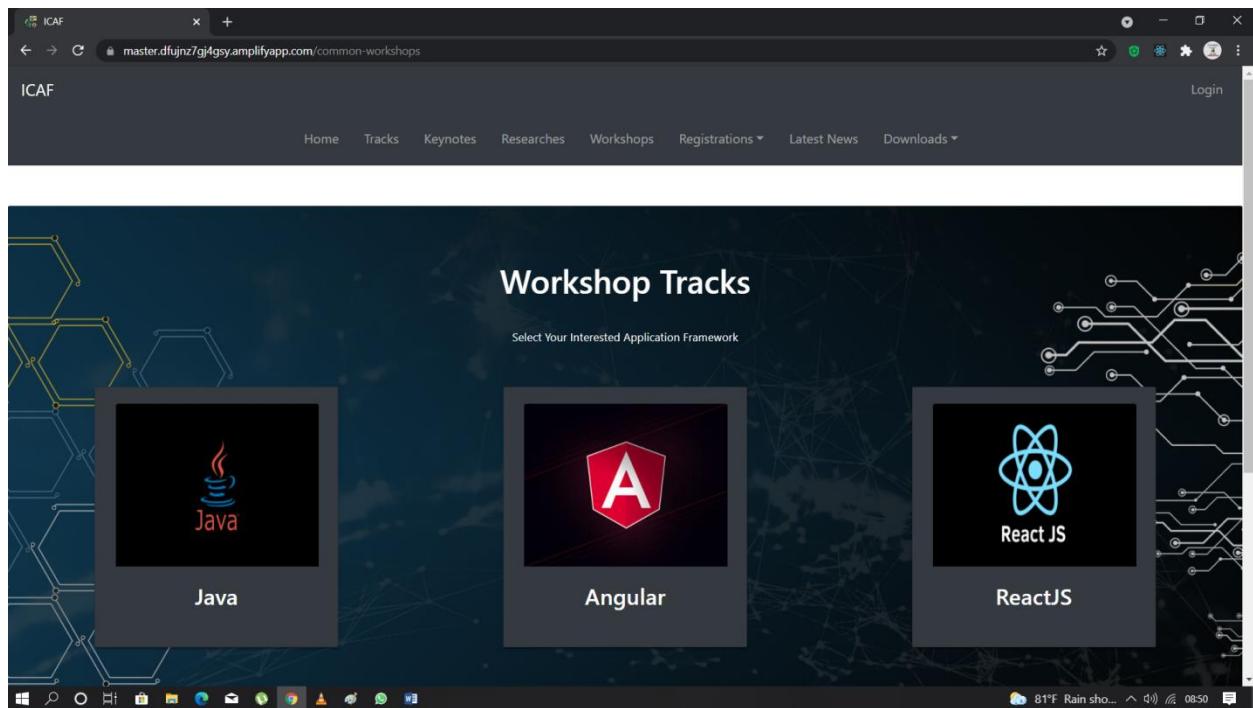

Approved By	<input type="text"/>
Approved Date	<input type="text"/>
Rejected By	<input type="text"/>
Rejected Date	<input type="text"/>

Approve Reject	

Workshop Page

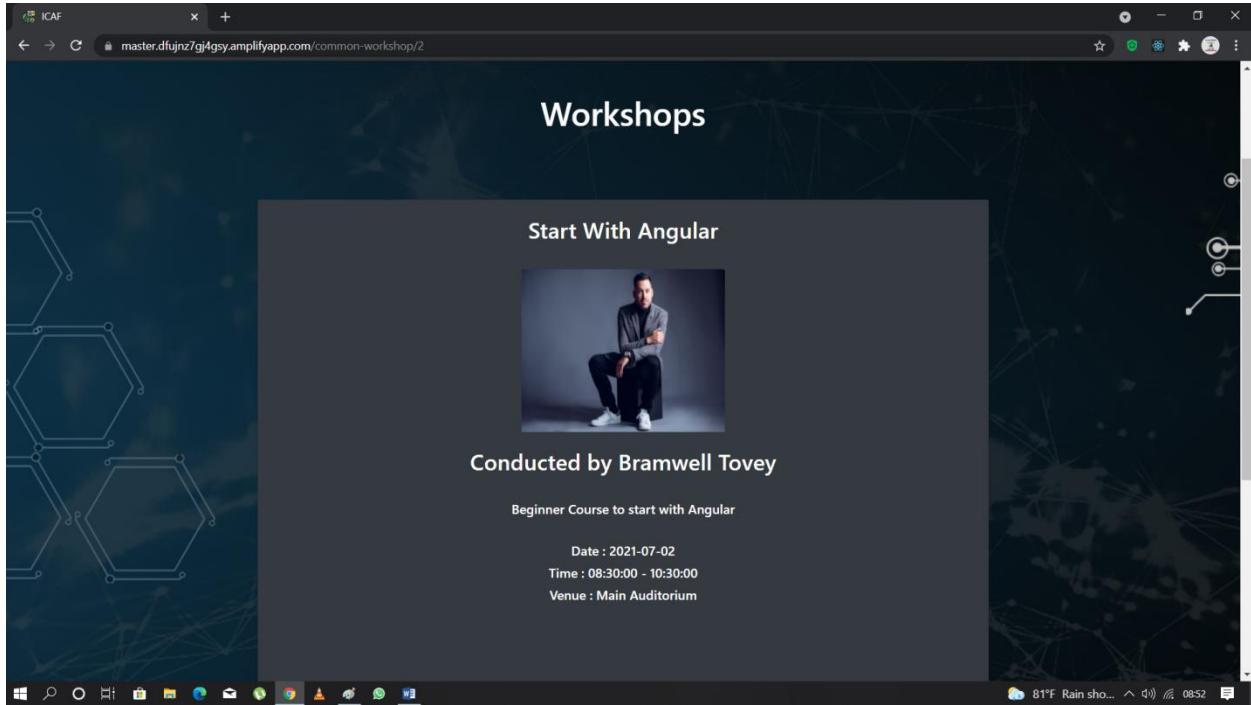

When you land on the home page of the ICAF System through the link <https://master.dfujnz7gj4gsy.amplifyapp.com/home>, you can see the below home page and you can visit the Workshop page by clicking Workshops on the Navigation bar if you want to see the details related to Workshops which will be conducted at the conference.

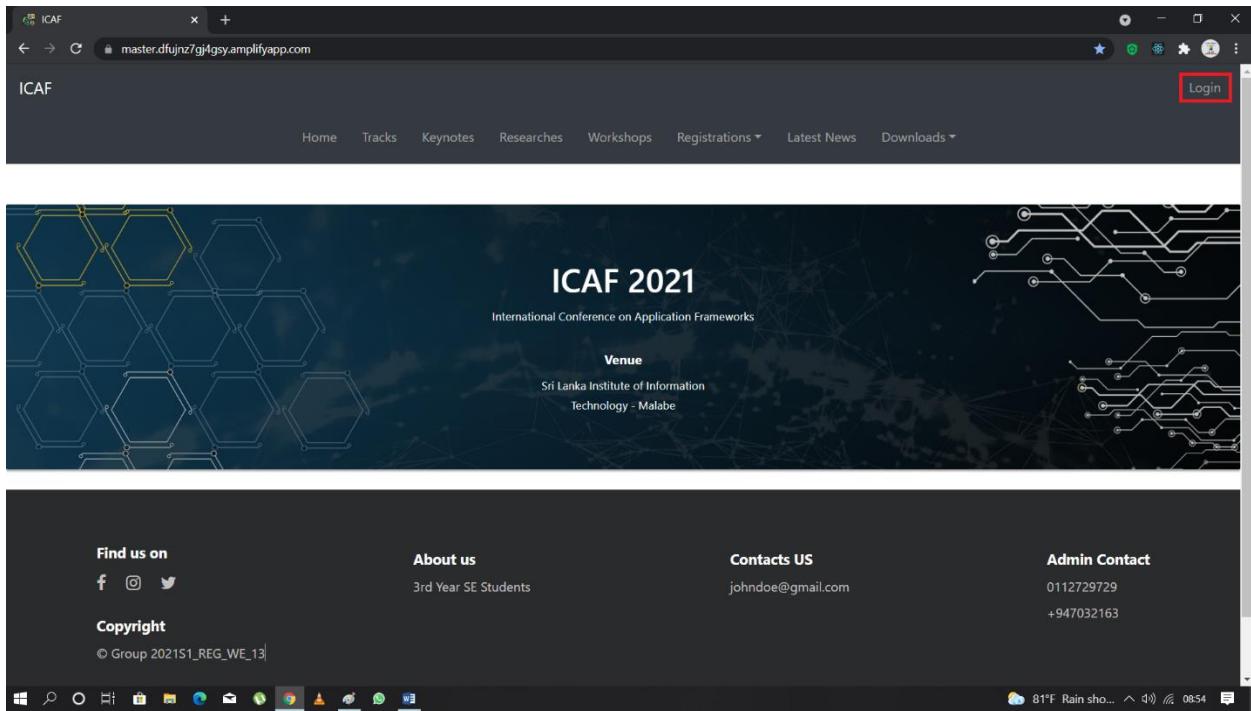

When you navigate through the Workshops you will land on a page which will display the current available Workshop Tracks in the system.

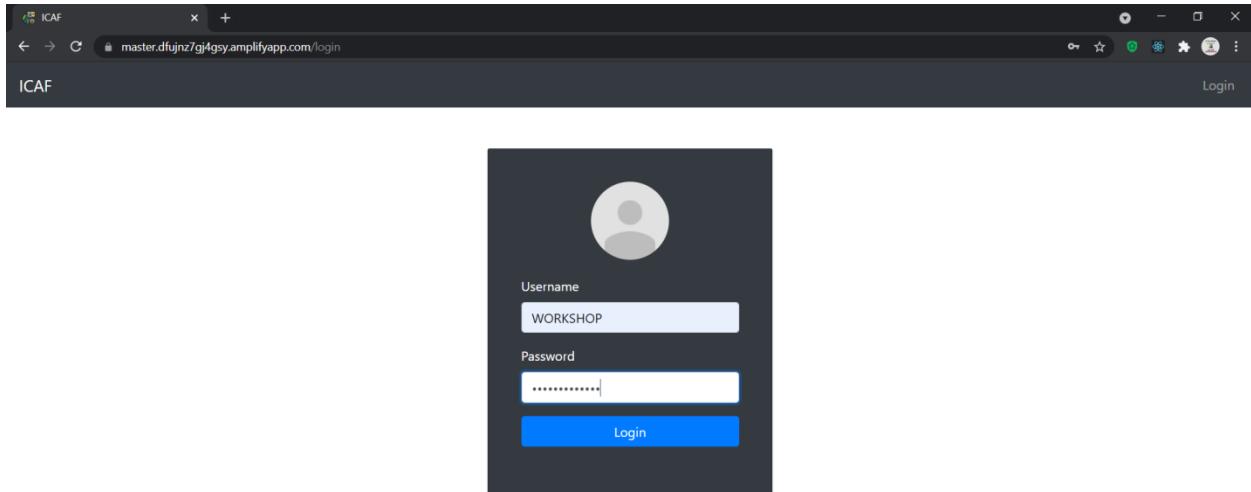

Through this page you can click on the Workshop track you are interested in and then you can view the details of the Workshops related to that particular Track.

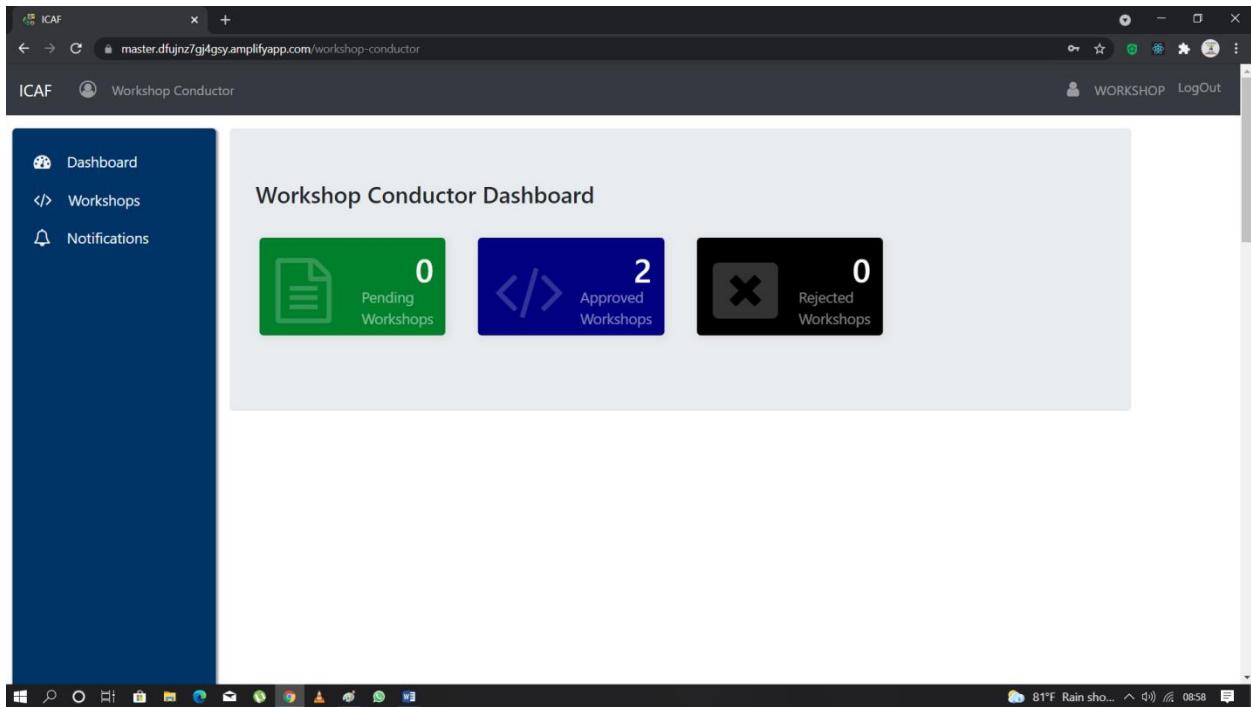

You can click on the Login on the top right corner of the page if you want to Login to the system.

Through that you will land on the Login page and you can Login to the system as a Workshop Conductor.

After you click on Login, your credentials will be validated and if they are valid you will land on the Workshop Dashboard shown below.

Through the dashboard you can monitor the status of the workshop requests you have made if there are any. You can click on the Workshops tab on the left side navigator and then it will navigate you to the page which will show the details of the workshop requests you have made and through that you can Add, Update or Delete the requests.

The screenshot shows the 'Workshop Conductor Dashboard'. On the left sidebar, the 'Workshops' option is selected and highlighted with a red box. The main area displays three summary cards: 'Pending Workshops' (0), 'Approved Workshops' (2), and 'Rejected Workshops' (0). The desktop taskbar at the bottom shows various icons and the system tray.

The screenshot shows the 'Workshops List' page. The left sidebar has the 'Workshops' option selected. The main area features a table with columns for Id, Name, Status, Edit, and Delete. Two workshops are listed: 'OOP Concepts' (Approved) and 'Start With Angular' (Approved). A green '+ Add Workshop' button is located above the table. The desktop taskbar at the bottom shows various icons and the system tray.

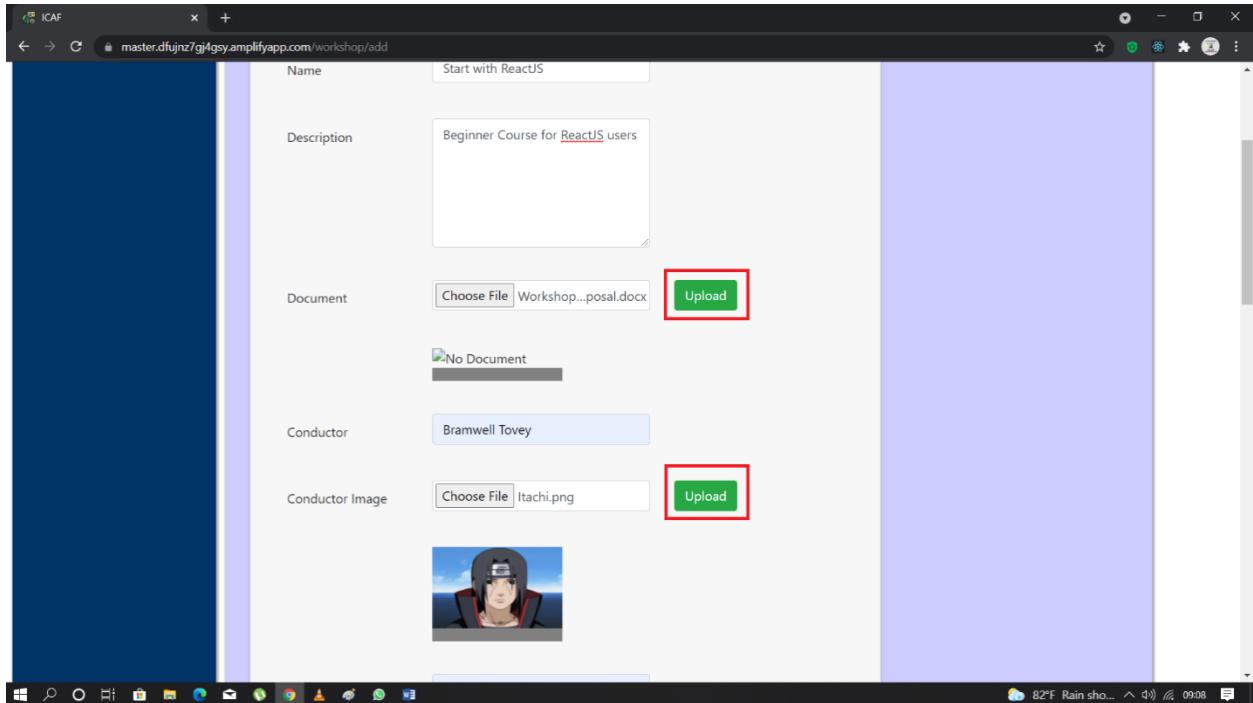

Id	Name	Status	Edit	Delete
	Enter Name...	Enter Status...		
1	OOP Concepts	APPROVED	<button>Edit</button>	<button>Delete</button>
2	Start With Angular	APPROVED	<button>Edit</button>	<button>Delete</button>

By clicking on Add Workshop button you will navigate to a form where you will have to add details related to the Workshop. When you click on Save your request will be added to the list with Pending status.

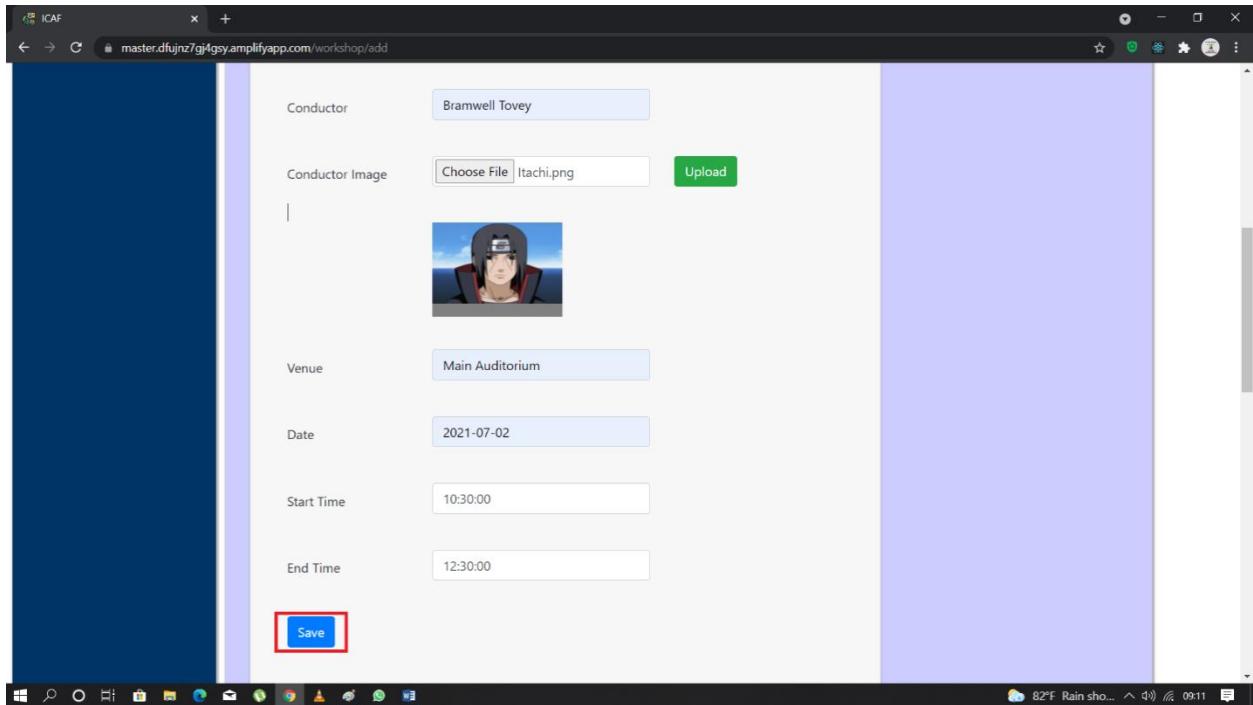

The screenshot shows a web application interface for managing workshops. On the left, there is a dark sidebar with navigation links: Dashboard, Workshops (which is currently selected), and Notifications. The main content area has a light purple header with the title "Workshops List" and a green "Add Workshop" button, which is highlighted with a red rectangle. Below the header is a table with columns for Id, Name, Status, Edit, and Delete. There are two rows of data: one for "OOP Concepts" (Status: APPROVED) and another for "Start With Angular" (Status: APPROVED). At the bottom of the table are two dropdown menus with the numbers "5" and "9". The browser's address bar shows the URL `master.dfujnz7gj4gsy.amplifyapp.com/workshops`. The system tray at the bottom right indicates it's 81°F, Rain show, 09:02.

The screenshot shows a "Workshop" creation form. The sidebar on the left remains the same. The main form has a title "Workshop". It contains several input fields: "Conference Track" (dropdown menu set to "ReactJS"), "Name" (text input field containing "Start with ReactJS"), and "Description" (text area containing "Beginner Course for ReactJS users"). Below these is a "Document" section with a "Choose File" button (set to "Workshop...posal.docx") and a green "Upload" button. A blue document icon is shown next to the file input. The browser's address bar shows the URL `master.dfujnz7gj4gsy.amplifyapp.com/workshop/add`. The system tray at the bottom right indicates it's 82°F, Rain show, 09:06.

After you have chosen Workshop Proposal file and Conductors photo you should click on Upload button right next to them and if it is successful system will show an alert message and show a preview of the document and image below their respective rows.

After entering details, you should click on save button at the bottom of the form.

Then, click on OK button on the alert message and you will be navigated to the Workshops list page. And newly added workshop proposal will be displayed with the Pending status.

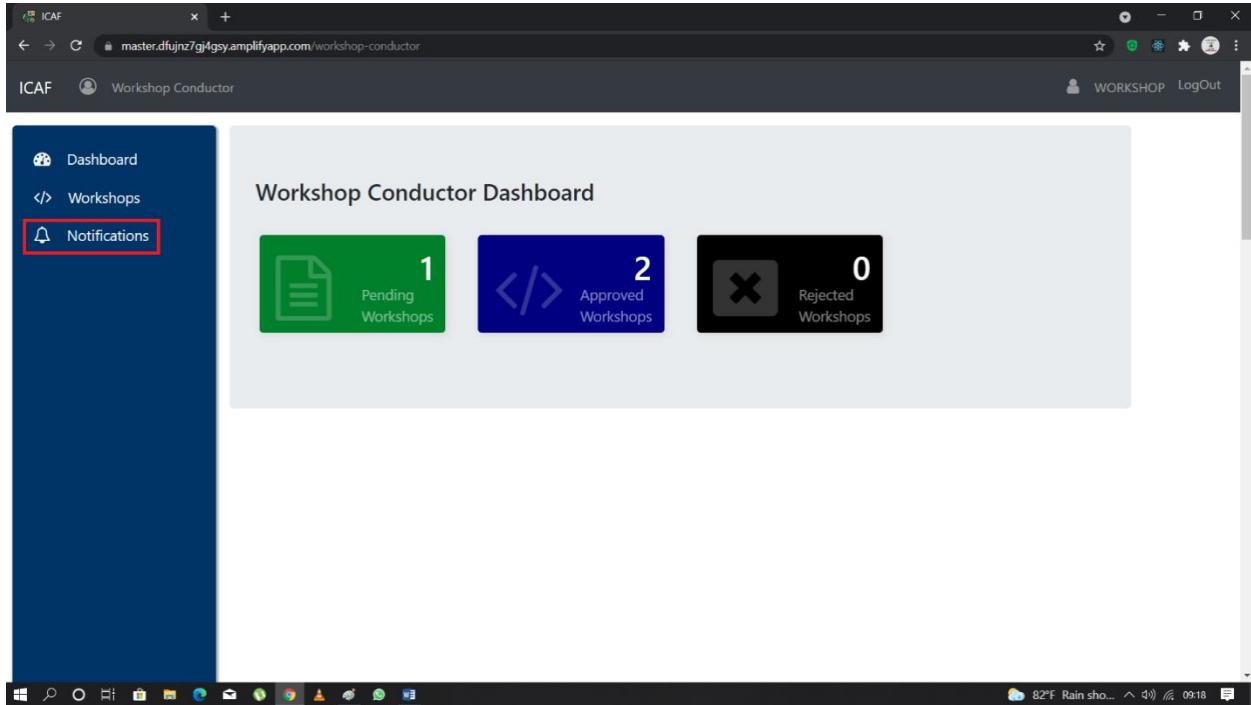

The top screenshot shows the 'Workshop Add' form. The 'Conductor Image' field contains a file named 'Itachi.png' and has an 'Upload' button. Below it is a preview image of Itachi Uchiha. The 'Venue' field is set to 'Main Auditorium'. The 'Date' field shows '2021-07-02'. The 'Start Time' and 'End Time' fields both show '10:30:00'. A blue 'Save' button is at the bottom. An alert message 'master.dfujnz7gj4gsy.amplifyapp.com says Entered Record has been successfully applied & saved.' with an 'OK' button is overlaid on the form.

The bottom screenshot shows the 'Workshops List' page. The table has the following data:

ID	Name	Status	Edit	Delete
1	OOP Concepts	APPROVED	<button>Edit</button>	<button>Delete</button>
2	Start With Angular	APPROVED	<button>Edit</button>	<button>Delete</button>
3	Start with ReactJS	PENDING	<button>Edit</button>	<button>Delete</button>

You can update the details of the workshop by navigating through Edit button and after you Save updated details, status of the request will be altered to Pending status.

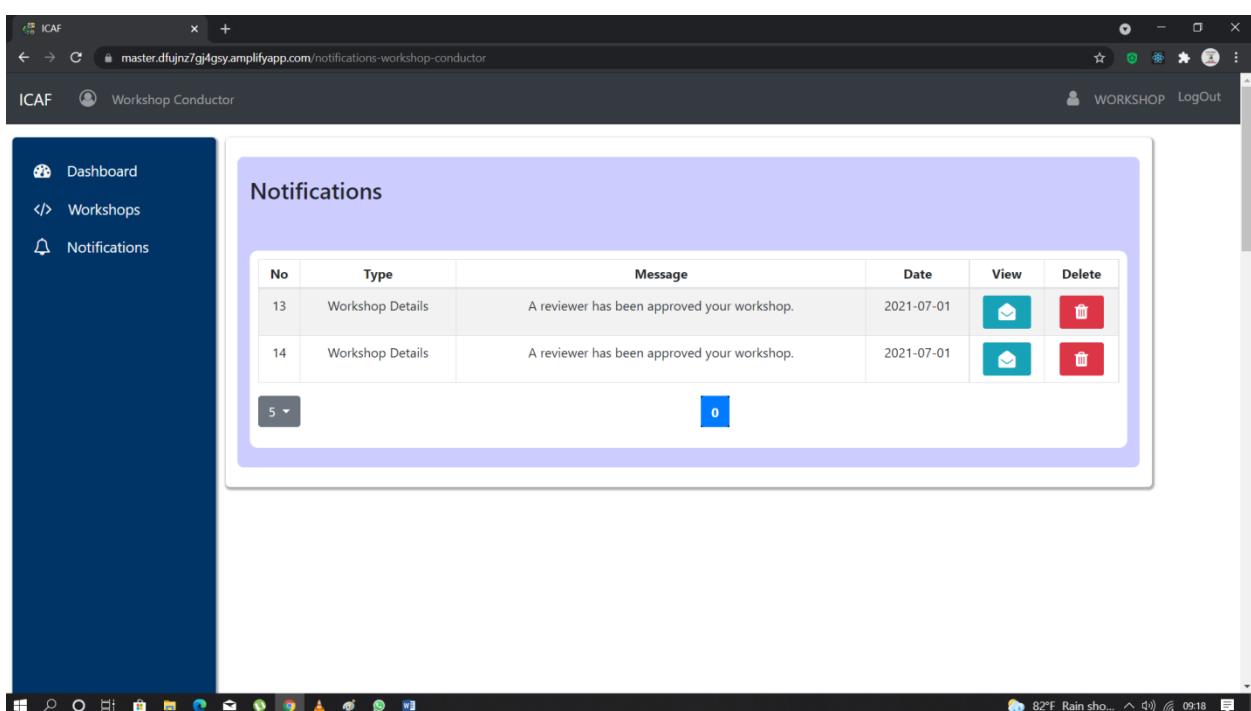

Clicking on the Notifications on the side navigation bar you can view the notifications you have received at the time of approving your request by a Reviewer of the system.

The screenshot shows the 'Workshop Conductor Dashboard' with a sidebar on the left containing 'Dashboard', 'Workshops', and 'Notifications'. The 'Notifications' link is highlighted with a red box. The main area displays three cards: 'Pending Workshops' (1), 'Approved Workshops' (2), and 'Rejected Workshops' (0).

No	Type	Message	Date	View	Delete
13	Workshop Details	A reviewer has been approved your workshop.	2021-07-01		
14	Workshop Details	A reviewer has been approved your workshop.	2021-07-01		

5 0

The screenshot shows the 'Notifications' page with a sidebar on the left containing 'Dashboard', 'Workshops', and 'Notifications'. The 'Notifications' link is highlighted with a red box. The main area displays a table of notifications:

No	Type	Message	Date	View	Delete
13	Workshop Details	A reviewer has been approved your workshop.	2021-07-01		
14	Workshop Details	A reviewer has been approved your workshop.	2021-07-01		

5 0

By clicking Mail icon next to a notification you can view the full notification in a new page.

Notifications

No	Type	Message	Date	View	Delete
13	Workshop Details	A reviewer has been approved your workshop.	2021-07-01		
14	Workshop Details	A reviewer has been approved your workshop.	2021-07-01		

Approval for Workshop Details

A reviewer has been approved your workshop.

Remarks : approved by reviewer

Okay

And also you can delete received notifications by clicking the red button.

The screenshot shows a web browser window for the ICAF application. The URL is <https://master.dfujnz7gj4gsy.amplifyapp.com/notifications-workshop-conductor>. The top navigation bar includes 'ICAF', 'Workshop Conductor', 'WORKSHOP', and 'LogOut'. On the left, a sidebar has 'Dashboard', 'Workshops', and 'Notifications' items. The main content area is titled 'Notifications' and contains a table with two rows:

No	Type	Message	Date	View	Delete
13	Workshop Details	A reviewer has been approved your workshop.	2021-07-01		
14	Workshop Details	A reviewer has been approved your workshop.	2021-07-01		

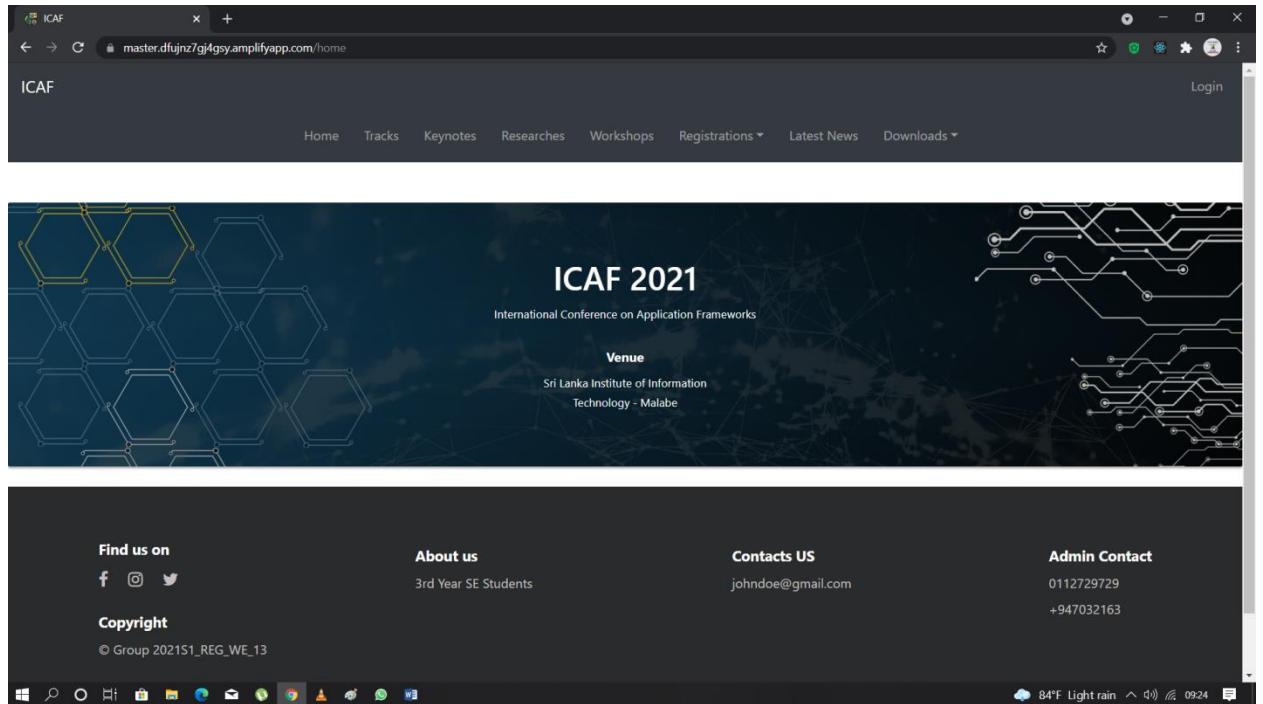

Below the table are two buttons: a blue '5 ▾' button on the left and a blue '0' button on the right. The status bar at the bottom shows '84°F Light rain' and the time '09:21'.

And finally, when you click on Logout on the top right corner of the page will be logged out from the system and you will land on Guest Home page.

The screenshot shows a web browser window for the ICAF application. The URL is <https://master.dfujnz7gj4gsy.amplifyapp.com/workshop-conductor>. The top navigation bar includes 'ICAF', 'Workshop Conductor', 'WORKSHOP', and 'Logout' (which is highlighted with a red box). On the left, a sidebar has 'Dashboard', 'Workshops', and 'Notifications' items. The main content area is titled 'Workshop Conductor Dashboard' and displays three cards:

- Pending Workshops: 1 (green card with document icon)
- Approved Workshops: 2 (blue card with code icon)
- Rejected Workshops: 0 (black card with X icon)

The status bar at the bottom shows '84°F Light rain' and the time '09:22'.

Admin Dashboard

When admin logged in he will be redirect to admin dashboard and he can monitor all status.

The screenshot shows the Admin Dashboard interface. At the top, there's a header bar with the text "ICAF" and "Admin". On the right side of the header are icons for user profile, "ADMIN", and "LogOut". Below the header is a sidebar on the left containing a list of navigation items: Dashboard, Conference, Conference Details, Tracks, Keynote Speakers, Researches, Workshops, Users, and Roles. The main content area is titled "Admin Dashboard" and displays eight cards arranged in a 2x4 grid. Each card has an icon, a title, and a numerical value. The cards are: 2 Conferences (blue card), 4 Conference Details (blue card), 6 Tracks (purple card), 4 Keynote Speakers (brown card); 3 Researches (orange card), 3 Workshops (dark blue card), 1 Users (green card), and 7 Roles (black card).

Conference List

Admin can view all the conferences which are currently in active status and inactive status.

Click Conference.

The screenshot shows the Conference List page. At the top, there's a header bar with the text "ICAF" and "Admin". On the right side of the header are icons for user profile, "ADMIN", and "LogOut". Below the header is a sidebar on the left containing a list of navigation items: Dashboard, Conference, Conference Details, Tracks, Keynote Speakers, Researches, Workshops, Users, and Roles. The main content area is titled "Conference List" and features a search bar with the placeholder "Enter Name..." and a green button labeled "+ Add Conference". Below the search bar is a table with the following data:

Id	Name	Year		
			Edit	Delete
1	ICAF	2021	<button>Edit</button>	<button>Delete</button>
2	Merncon	2021	<button>Edit</button>	<button>Delete</button>

At the bottom of the table, there are two buttons: a dropdown menu labeled "5" and a button labeled "0".

Add Conference

Admin is responsible to create a conference.

Click Add Conference button.

The screenshot shows a user interface for managing conferences. On the left is a dark blue sidebar with a white header 'Dashboard' and a list of navigation items: 'Conference', 'Conference Details', 'Tracks', 'Keynote Speakers', 'Researches', 'Workshops', 'Users', and 'Roles'. On the right is a light purple main area containing a white 'Conference' form. The form has five input fields: 'Name' (placeholder 'Enter Name'), 'Year' (placeholder 'Enter Year'), 'Venue' (placeholder 'Enter Venue'), 'Description' (placeholder 'Enter Description'), and 'Payment' (placeholder 'Enter Payment'). A blue 'Save' button is located at the bottom left of the form.

At the bottom of the table, there are two buttons: a dropdown menu with "5" and a blue button with the number "0".

Add Conference Details

Editor can add conference details.

Click Add Conference Details.

The screenshot shows a web application interface for adding new conference details. At the top, there is a dark header bar with the text "ICAF" and "Editor". Below the header is a sidebar on the left containing navigation links: Dashboard, Conference, Conference Details (selected), Tracks, Keynote Speakers, and Notifications. The main content area is titled "Conference Details" and contains a form with the following fields:

- Conference: A dropdown menu labeled "Select Conference" with a blue outline.
- Topic: An input field labeled "Enter Topic".
- Description: A text area labeled "Enter Description".
- Save: A blue button at the bottom left of the form.

Edit Conference Details

Editor can update conference details.

Click Edit button.

The screenshot shows a user interface for managing conference details. At the top, there is a dark header bar with the text "ICAF" and "Editor". Below this is a sidebar on the left containing navigation links: "Dashboard", "Conference", "Conference Details" (which is highlighted in blue), "Tracks", "Keynote Speakers", and "Notifications". The main content area is titled "Conference Details" and contains the following form fields:

Id	1
Conference Name	ICAF
Conference Year	2021
Topic	20th of June 2021
Description	Research uploading date has been extend to 20th of June 2021.

At the bottom of the form is a blue "Update" button.

Delete Conference Details

Editor can delete conference details.

Click Delete button.

The screenshot shows a web application interface for managing conference details. On the left is a sidebar with navigation links: Dashboard, Conference, Conference Details (selected), Tracks, Keynote Speakers, and Notifications. The main content area is titled "Conference Details List" and contains a table with one row of data. A confirmation dialog box is overlaid on the top right, asking "Do you want to delete this record?", with "OK" and "Cancel" buttons. The table has columns for Id, Conference, Topic, Status, Edit, and Delete.

Id	Conference	Topic	Status	Edit	Delete
		Enter Topic...	Enter Status...		
1	ICAF	20th of June 2021	APPROVED	<button>Edit</button>	<button>Delete</button>

Track List

Editor can view conference tracks list.

Click Tracks.

The screenshot shows a "Tracks List" page. The sidebar on the left is identical to the previous screenshot. The main content area is titled "Tracks List" and features a table with five rows of data. A search bar at the top allows filtering by Name and Status. Navigation buttons at the bottom include a dropdown for page selection (0, 1, >).

Id	Name	Status	Edit	Delete
	Enter Name...	Enter Status...		
1	Java	APPROVED	<button>Edit</button>	<button>Delete</button>
2	Angular	APPROVED	<button>Edit</button>	<button>Delete</button>
3	ReactJS	APPROVED	<button>Edit</button>	<button>Delete</button>

Add Tracks

Editor can add tracks.

Click Add Track.

Edit Track

Editor can update track.

Click Edit button.

The screenshot shows a left sidebar with a dark blue background and white icons for Dashboard, Conference, Conference Details, Tracks, Keynote Speakers, and Notifications. The main area has a light purple background and contains a form titled "Conference Details". The form fields are: Id (1), Conference Name (ICAF), Conference Year (2021), Topic (20th of June 2021), and Description (Research uploading date has been extend to 20th of June 2021). A blue "Update" button is at the bottom.

Id	Conference Name	Conference Year	Topic	Description
1	ICAF	2021	20th of June 2021	Research uploading date has been extend to 20th of June 2021.

Delete Track

Editor can delete tracks.

Click Delete button.

The screenshot shows a left sidebar with a dark blue background and white icons for Dashboard, Conference, Conference Details, Tracks, Keynote Speakers, and Notifications. The main area has a light purple background and contains a "Tracks List" table. The table has columns for Id, Name, Status, Edit, and Delete. There are two rows: one for Java (Status APPROVED) and one for Angular (Status APPROVED). A confirmation dialog box is overlaid on the screen, asking "Do you want to delete this record?" with "OK" and "Cancel" buttons.

Id	Name	Status	Actions	
			Edit	Delete
1	Java	APPROVED	<button>Edit</button>	<button>Delete</button>
2	Angular	APPROVED	<button>Edit</button>	<button>Delete</button>

Delete Keynote Speaker

Editor can delete keynote speakers.

Click Delete button.

The screenshot shows a web browser window for 'master.dfujnz7gj4gsy.amplifyapp.com/keynote-speakers'. The user is logged in as 'ICAF' (Editor). A modal dialog box is displayed in the center, asking 'Do you want to delete this record?'. Below the modal, the page title is 'Keynote Speakers List' with a green button '+ Add Keynote Speaker'. On the left, a sidebar menu includes 'Dashboard', 'Conference', 'Conference Details', 'Tracks', 'Keynote Speakers' (which is selected and highlighted in blue), and 'Notifications'. The main content area displays a table with columns 'Name' and 'Status'. One row shows 'Alex Hunter' with 'APPROVED' status. There are 'Edit' and 'Delete' buttons for each row.

Editor's Notifications

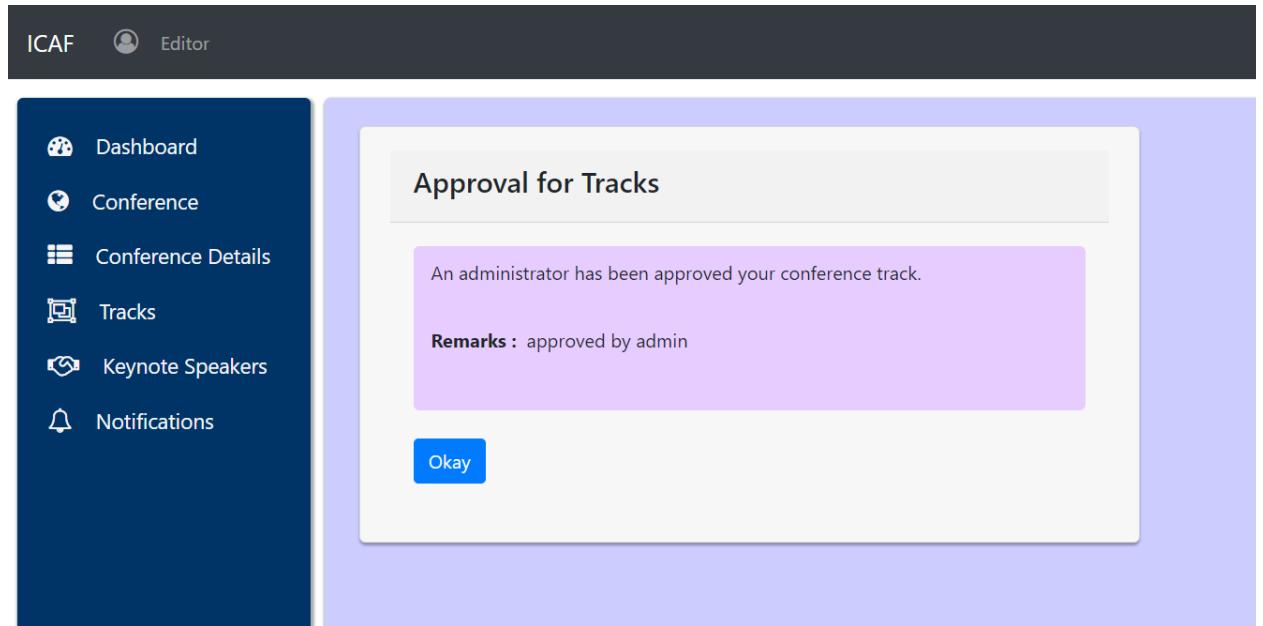

Editor will receive notifications when admin approve or reject which are entered by the editor.

Click Notifications.

The screenshot shows a 'Notifications' page. The user is logged in as 'ICAF' (Editor). The page title is 'Notifications'. It lists five messages with columns: 'No.', 'Type', 'Message', 'Date', 'View', and 'Delete'. The messages are: 1. Tracks: An administrator has been approved your conference track. Date: 2021-07-01. View/Delete. 2. Tracks: An administrator has been approved your conference track. Date: 2021-07-01. View/Delete. 3. Tracks: An administrator has been rejected your conference track. Date: 2021-07-01. View/Delete. 4. Tracks: An administrator has been approved your conference track. Date: 2021-07-01. View/Delete. 5. Keynote Speaker: An administrator has been approved your keynote speaker details. Date: 2021-07-01. View/Delete. At the bottom, there is a dropdown menu with '5' and a navigation bar with '0 1 2 >'.
